Anantara Angkor Resort **CAMBODIA**

Following extensive renovations Anantara Angkor Resort is an all-site retreat, has unveiled two luxurious presidential suites: the Henri Mouhot and Anantara Explorer Suites. The two-bedroom, 235m² Henri Mouhot Suite pays tribute to the French naturalist and explorer, and first westerner, to set eyes on the ruins of Angkor, capital of Cambodia's ancient Khmer civilisation; and the 178m² one-bedroom Anantara Explorer Suite which is inspired by another intrepid explorer, Jim Thompson, and founder of the world renowned Jim Thompson Thai Silk Company.

Meticulously designed to accommodate the requirements of the most discerning clientele, the two suites are reminiscent of a Khmer summer home and are the epitome of old world sophistication, with imported Thai silk and fabrics overflowing throughout, draping the furniture in bold colours. With ample indoor and outdoor living spaces to comfortably accommodate families or small groups, both suites feature a lounge and bar area complete with a grape humidifier; two dining areas; marble bathrooms, bathtub and oversized rain shower; dressing room; a private spa room with a Jacuzzi bath tub, deep plunge and massage area; and a plunge pool in an enclosed private garden.

In the Henri Mouhot Suite, a beautiful sandstone relief pay homage to the nearby ruins of Angkor amidst a colonial backdrop of tongue and groove ceilings, whilst a decorative wall paneling separates the master bedroom and lounge in the Anantara Explorer Suite. Each suite offers a luxurious welcome respite after an adventurous day of exploring one of the most important archaeological sites in Southeast Asia, whether savouring a decadent bubbly high tea or al fresco dining on progressive Khmer cuisine under the stars. The Anantara Angkor Resort offers all its guests complimentary chauffeured roundtrip airport transfers; butler service to create bucket list adventures; unlimited private tuk tuk transfers to and from city centre; personal mobile phone; complimentary in-suite bar; bottled water; daily fresh fruit, savouries and sweets; and complimentary drinks during the daily Lounge Hour in the resort's traditional courtyard that evokes Angkor's monumental heritage. And if you are residing in either the Henri Mouhot or Anantara Explorer Suite, you will also enjoy complimentary laundry service; in-suite spa treatments; and a daily hour long treatment at Anantara Spa.
